## Vehicle Description

## SEMA Show Car - Built by GM

PLEASE READ BEFORE SCHEDULING AN APPOINTMENT!

This GTO was built by GM specifically for the SEMA show and remained part of the GM collection until 2009, when GM filed for bankruptcy and was forced to liquidate the collection at Barrett-Jackson. To limit liability, every modified car in that collection was sold with a JUNK/SALVAGE TITLE. Some of their show cars were extensively modified with chopped roofs and altered chassis, while others were primarily aesthetic builds.

This particular GTO was heavily customized: the entire body was stripped and repainted in a gloss pearly black finish, along with a few performance upgrades, including a GM Performance intake and cat-back exhaust. GM wanted to keep these cars off the road because they were the ones modifying them. Later, this car was purchased by a gentleman in California who, somehow, was able to title it in California—we believe he was affiliated with GM at the time. The seller we acquired it from bought it from the original owner as part of an estate sale and was unaware of its unique history.

Due to these factors, the car is being sold AS-IS with no warranties or recourse. Please research registration requirements in your state before purchasing, as this vehicle may be difficult or impossible to register in certain states. **WE WILL BE SELLING THE CAR AS TITLE ONLY WITH A BILL OF SALE – WE WILL NOT BE REGISTERING THE CAR FOR YOU!** What you do after the sale is entirely your responsibility. No test drives offered! Third party inspections are welcome!

The car currently holds a clean and clear California title.
