Ready to hit the highway and chew up some road. This car is fun on the road. You need to come see it before it goes away. Challengers don't stay around a long time so be the first here to insure you get to take advantage of the low price for a lot of car. We have a different philosophy than most dealerships. We believe in high volume selling. The way we achieve that is low margins that provide great value to the consumer, and we find quality cars. We don't have a fancy building or free Lattes, but that is just a few more things we don't have to pay for. We feel like most people would much rather have a great deal anyway. Discount is never a bad word around here. But when we price cars, we price them extremely competitively as compared to similar units in the market. And we encourage you to shop our prices, you will find we are extremely price competitive. We keep our overhead low and we pass that savings on to our customers. Feel free to call us at 214-501-6239. We also offer many different financing options and the most competitive priced warranties you will find anywhere. With warranty options from 6 to 48 Months, most with unlimited mile options. We look forward to earning your business for life. Buying a car can be fun with a relaxed atmosphere, unfortunately at big dealerships you don't always get that experience. It is one of the main reasons the guys that work here all left big dealerships. We feel personal attention and fair pricing is the way we would like to be treated, so that is how we treat our customers.
