We are proud to offer you this 2006 Cadillac

We are proud to offer you the 2006 Cadillac
STS-V for sale!

This 2006 Cadillac STS-V is the ideal blend of American performance and comfort, combining the extreme performance of a Chevrolet Corvette with the comfort of a high-end luxury sedan. The result? A high-powered sports sedan capable of performing at a track day while the occupants of the vehicle barely notice the speed at which they're traveling. Equipped with a 469 horsepower, 4.4-liter, supercharged V8 engine that produces 439 lb-ft. of torque, this car is designed to exceed every measurable standard of performance without compromising interior comfort. In essence, this sedan truly exceeds any expectations for a performance saloon

To us, what's outside the car is just as important as what's inside it, and this unparalleled STS-V is no exception to this rule. This Cadillac comes equipped with 18" / 19" alloy wheels and painted in Black Raven, giving the sedan an exciting exterior to match its exciting performance. The sleek lines give the car an understated, yet wildly good-looking silhouette, and the performance suspension gives the car an aggressive stance. This exciting sedan is extremely comfortable and relaxed on the roads, making it ideal as a fun daily driver or an exciting weekend car, but at high speeds it performs like a track beast. Basically, whether it's on the track, in your driveway, or cruising the streets, the Cadillac STS-V is the car to have!

LIST OF FEATURES & UPGRADES:

4.4-Liter Supercharged V8

6-Speed Automatic Transmission

Gibson Aftermarket Dual-Tip Performance
Exhaust

18" F / 19"R Alloy Wheels

Firestone Firehawk Sport Tires
