We are proud to offer you this 2017 Subaru WRX Limited with Many Upgrades for sale!

This 2017 Subaru WRX is a “JDM” (Japanese Domestic Market) staple from bumper to bumper. Famed for its all-wheel drive platform attached to a turbocharged 2.5-liter four-cylinder engine, this Japanese rally legend is a high performance car without modifications.

However, this specific example has had its stock 268 horsepower, 258 lb-ft. torque engine heavily modified with a Mishimoto intercooler, performance intake manifold, aftermarket downpipe, and several other performance upgrades. This machine is producing in the realm of 325 horsepower, all of which is put through a six-speed manual transmission for a more involved driving experience and the ability to take this track-ready car to its maximum potential.

To us, what’s outside the engine bay is just as important as what’s inside it, and this extreme WRX is no exception to this rule. This powerful import comes equipped with gold 18” XXR alloy wheels on Forceum sport tires, and is finished in a deep black, giving the car a special “midnight” look that has become popular in the import scene as of late. Additionally, the aftermarket suspension and coilovers give the car a very low-slung stance that suits its lines and gives it a racecar look without being overt, while the bolt-on aerodynamic mods, which include an STI-style spoiler, aftermarket tail lights, and a more aggressive front splitter and side skirts, give the performance sedan a clean look worthy of a photo.

#### LIST OF FEATURES & UPGRADES:

Turbocharged 2.5-Liter 4-Cylinder

Six-Speed Manual

Performance Intake Manifold

Mishimoto Performance Intercooler

Quad-Tin Aftermarket Exhaust

Good Tip / Aftermarket Extras:
