We are proud to offer you this 2008 Ford Mustang GT Premium for sale!

This pristine Mustang GT Premium is a perfect example of high-performance American excellence. Powered by a 200 horsepower 4.6-liter V8 engine, this muscle car is every bit as intense as it needs to be. Additionally, this American beast comes equipped with a five-speed manual transmission, giving the driver the opportunity to hit every tick on the tachometer up to the redline. A dual-exit performance exhaust converts all the power being produced in the engine bay into a perfect rumbling exhaust note, and the meticulous maintenance on such a low-mile vehicle means that this muscle car is ready to perform at a maximum.

To us, what's outside the hood is just as important as what's underneath it, and this sleek Mustang is no exception to that rule. The 2008 year model has an aggressively-stanced profile that looks better and faster than any other Mustang before it. Painted in a menacing black and fitted with chrome 18" Ford alloy wheels, the thoroughbred American muscle car is designed to attract attention and look good from any angle. And, since it's been so well-maintained, every inch of the car inside and out looks identical to the day the car left the factory.

The platform of the car itself sits low on performance-tuned suspension, and inside, this Ford is extremely well-equipped with leather sport seats and a Shaker premium sound system for maximum occupant entertainment.
