If you've been looking for a third gen driver with some eye appeal you have found it. I'll be straight up honest this car is no show car or car meet winner. It's a 10-footer. But third gen and bright yellow It does turn heads going down the road.

The car drives real well, transmission feels good, runs like a top. The seats were just redone, The tires are deep! Hop in and drive it and don't worry about getting a scratch or chip! Not the original color.

We are a CarFax Advantage Dealer and will be happy to provide a history report on any vehicle! Not just ours!
