We are proud to offer you this 2014 Nissan GT-R Premium for sale!

This 2014 Nissan GT-R Premium is the redesigned and entirely updated successor of the Japanese automaker's highly successful Skyline line of sports cars. Powered by a twin-turbocharged 3.8-liter V6 engine that makes 545 horsepower and 463 torques, this import is the quintessential sports car for all types of roads. The handbuilt engine is mated to a six-speed dual clutch automatic transmission with paddle shifters that provide some of the fastest shifts any car has ever been able to achieve, and the all-wheel drive platform that delivers the power to the road gives the car the capability to reach sixty miles per hour from a standstill in 2.9 seconds.. .stock. And, with performance suspension, heavy duty carbon ceramic brakes, and a performance quad tip exhaust, this unparalleled machine exudes performance from every inch of its sculpted bodywork with carbon fiber trim accents.

To us, what's beyond what makes the car function is just as important as what's under the hood, and this sweet Nissan GT-R is no exception to this rule. This sporty import is fitted with 20" alloy wheels and painted in a shining Pearl Metallic with Nismo-style accent trim paint, making this car reminiscent of Nissan's performance heritage and racing pedigree. The inside is no different, where you'll find yourself surrounded by a race-inspired interior complete with Recaro leather bucket seats, numerous carbon fiber interior panels, and a highly advanced infotainment system, which not only has the expected Bluetooth, navigation, and rear camera, but a variety of gauges to measure every aspect of

the vehicle's performance and systems at work.
