We are proud to offer you this 1993 Ford Bronco XLT 4X4 for sale!

This Ford Bronco XLT is the template for American-made automotive

versatility. Capable of off-road exploration, rough-terrain scaling, and simple daily driving, this truck knows almost no bounds and has almost limitless potential in terms of comfort, performance, and reliability. With a 5.0-liter EFI V8 under the hood, this 4x4 SUV is putting down 185 horsepower and just shy of 300 lb.-ft. of torque, which works with the four-speed automatic transmission to enable this truck to do what it does best: off-road.

To us, what's outside the engine bay is just as important as what's inside it, and this fantastic Ford Bronco is no exception. The interior features extremely plush and comfortable cloth seating, an aftermarket JVC radio and CD player, and a removable rear shell for top-off adventuring. Outside, this SUV has been lifted and put on ProComp shocks and suspension, which looks terrific with the 15" Ford rims on all-terrain tires and makes it even more capable off-road than the stock vehicle. And, with the two-tone red and white paint finish, this SUV looks like a true 90's truck icon.

LIST OF FEATURES & UPGRADES:

5.0-Liter EFI V8 Engine

4-Speed Automatic Transmission

4x4 Drivetrain
