We are proud to offer you this 2009 Ford

we are proud to offer you this 2009 Ford
Mustang Shelby GT500 for sale!

This extreme Mustang Shelby GT500 is one of
the greatest muscle
cars of its generation, not only for its
performance but for its iconic
heritage that makes it so valuable today.

Powered by a supercharged
5.4-liter V8 engine that makes 500 horsepower
and 481 pound-feet of
torque, this American muscle car is everything
and more than any car
enthusiast could ever want. The power is sent
through a six-speed
manual transmission to the rear wheels,
ensuring not only that this
car can put power down hard and fast, but that
it's extremely fun to
drive as well. And, best of all, with so few miles
on the odometer, this
ultimate muscle car is more than capable of
thousands more miles in the future.

To us, what's outside the hood is just as
important as what's
underneath it, and this aggressive Mustang is
no exception to that
rule. Painted in a shimmering Ebony Clearcoat
Black and fitted with
18" SVT alloy wheels, this extreme Mustang
looks fantastic from all
angles. Aided by an aftermarket ducktail spoiler
and aftermarket
taillights, it's difficult to see any inch of this car
that doesn't look like
an aggressive driving machine, and for good
reason. The platform of
the car itself sits low on SVT performance
suspension, making it
balanced on the road and manageable to drive
at high speeds, while
SVT performance disc brakes enable the car to
stop on a dime if
needed. Inside, the car has Shelby-embossed
leather bucket seats,
leather interior panels, and a Shaker 1000
premium sound system, although the engine
noise may be the only music anyone

noise may be the only music anyone could possibly want in this beast.
