We are proud to offer you this 2012 Audi S4 Premium Plus for sale!

This low-mileage Audi S4 Premium Plus is one of the most extreme and exciting performance sedans produced by Audi. Given a supercharged 3.0-liter V6 engine that works in tandem with a fast-shifting 7-speed automatic transmission, the S4 is designed to turn horsepower into performance figures. The 333 horsepower and 325 lb-ft. of torque produced in the engine are transferred to the pavement via Audi's patent all-wheel drive Quattro system, enabling the sedan to accelerate from 0-60 in under five seconds and hit a limited top speed of 155 mph. Where this car is truly unmatched, however, is in its handling capabilities. Audi gave the S4 an active differential that makes cornering unlike any S-Model vehicle they had previously produced, which made the car many times more exciting and fun to drive than previous generations. This standard of high quality is carried into the interior, where you'll notice that every feature of this fantastic machine has been given the highest optioning possible thanks to its "Premium Plus" package. Included in this package is a Bluetooth-compatible infotainment display complete with Navigation and phone connectivity, a sunroof with slide and tilt functionality, and factory-condition suede / leather bucket seats, along with many other fantastic amenities.

To us, what's outside the car is just as important as what's inside it, and this exciting Audi S4 Premium is no exception to this rule. Fitted with 18" alloy wheels and painted in a glittering Ice Silver Metallic, this performance sedan is an example of the continuation of performance heritage that only Audi can provide. Our S4 Premium Plus

exceeds the expectations set by almost every performance sedan built before it, and there's no limit to the performance capacity that it can achieve. Perfect for weekends at the track, cruising a coastal highway, driving to work every day, or anything in between, this sedan is the perfect car to put in your driveway.

LIST OF FEATURES & UPGRADES:
