We are proud to offer you this 2009 Cadillac CTS-V Bagged with Many Upgrades for sale!

This 2009 Cadillac CTS-V is the ideal blend of American performance and comfort, combining the extreme performance of a high-powered performance machine with the comfort of a high-end luxury sedan.

The result? A high-powered sports sedan capable of performing at a track day while the occupants of the vehicle barely notice the speed at which they're traveling. Equipped with a heavily modified, supercharged 6.2-liter V8 engine that produces over 650 horsepower at the flywheel, this car is designed to exceed every measurable standard of performance without compromising interior comfort.

Under the hood of this CTS-V in particular, however, there have been a number of performance-oriented changes made, including a custom 4.5" Hennessy intake, DMS (Dedicated Motorsports) E85 kit, DMS Mainline Hub dyno tune, 9.55 LPE lower pulley, 90mm Weapon-X throttle body port, Texas Speed long tube headers, and Texas Speed 3" exhaust system, among so many other improvements. In essence, then, this sedan truly exceeds any expectations for a American-made performance saloon.

To us, what's outside the car is just as important as what's inside it, and this unparalleled CTS-V is no exception to this rule. This Cadillac comes equipped with aggressive 19" alloy wheels and is wrapped in a stunning Black Rose Pearl color, giving the sedan an exciting exterior to match its insane performance. And, with a number of upgrades made to the visual appearance of the car—including a custom airbag and suspension kit with D1 adjustable struts and Airlift performance controls, custom acid-etched headlights, and a fair number

of additional aero—there's little doubt that every single feature of this car is unique in every way.

This exciting sedan is extremely comfortable and relaxed on the roads, making it ideal as a fun daily driver or an exciting weekend car, but at high speeds it performs like a track beast. Basically, whether it's on the track, in your driveway, or cruising the streets, the Cadillac CTS-V is the car to take home right away!
