We are proud to offer you this 2012 Land Rover

.....
Range Rover Sport HSE LUX with Upgrades for
sale!

This 2012 Range Rover Sport HSE Luxury is a pivotal vehicle in Land Rover's transition into the luxury, roadgoing four-by-four SUV market. Given a 5.0-liter V8 that produces 375 horsepower and 375 lb-ft. of torque, this deluxe piece of machinery is designed to provide optimal comfort and maximum utility across a range of terrains, which is largely thanks to Range Rover's Terrain Response system. This system, in conjunction with the traction and suspension management controls, can be adjusted to give the off-roader the maximum amount of grip and stability at any given time. This level of high standard is carried into the interior, where Range Rover has gone above and beyond with their "High Standard Options" motto. Included in this opulent SUV are premium leather panels on interior surfaces, an infotainment display with Bluetooth phone connectivity and navigation, and a dual-zone climate control system. These options have been taken one step further by the "Luxury" package, which gives the car Harman Kardon Logic 7 speakers, extra leather interior panels, and a host of other comfort features to give this Range Rover a feel unlike anything else.

To us, what's outside the car is just as important as what's inside it, and this dominating Sport HSE Luxury is no exception to this rule. Fitted with aftermarket 22" Asanti Black Label wheels and painted in a shining Indus Silver, this SUV seems to have a timeless sophistication to it inside and out. With more

than enough features to make this SUV capable of anything on or off the road, there's little doubt that this machine is built to be the best in its class. All Range Rovers are perfect for carrying passengers, hauling cargo, and enjoying the driving experience that only a true example can offer, but this Sport is one that unquestionably looks capable of doing all of those things and far more.
