We are proud to offer you this 2016 Chevrolet

Silverado 2500HD High Country Lifted with Many Upgrades for sale!

This 2016 Chevrolet Silverado 2500 High Country is the living embodiment of the endless possibilities of what can be done to a truck. Equipped with a 6.6-liter turbodiesel Duramax V8 engine that produces 397 horsepower and 765 lb-ft. of torque, this truck provides every bit of the authentic American truck experience that only a few other trucks around the world can create. To further this performance increase, this truck has been fitted with a S&B cold-air intake, as well as a single-dump exhaust in the rear. With the engine mated to a six-speed automatic transmission, the ease with which this fantastic machine can be driven is unparalleled, and, with a four-wheel drive system for power delivery, the Silverado 2500 is always exciting to be behind the wheel of. The interior is no less well-equipped than the rest of the truck, however, and comes fitted with "High Country"-stitched leather seats, a new-age touchscreen infotainment control panel, and all the amenities that can be offered in a fantastic American workhorse.

To us, what's outside the truck is just as important as what's inside it, and this well-kept Silverado is no exception. This specific Silverado 2500 is the crew cab model with plenty of space inside for passengers and in the bed for hauling loads. There have been several cosmetic modifications made to this truck, however, that make it that much nicer to look at, including a King Off-Road strut lift kit, Atlas leaf springs, and Fox off-road shocks, all of which work together to raise the truck up and keep the

ride smooth over any terrain. Our Silverado 2500 has been painted a Deep Ocean Blue Metallic, and it comes equipped with a set of aftermarket 20" Hostile wheels that perfectly suit the style of the truck and can handle anything thrown at them.
