We are proud to offer you our newest addition called "Patty", this 1976 Volkswagen Beetle is Bagged with Many Upgrades and it is up for sale!

This 1967 Volkswagen Beetle is one of the

RPMGARAGETX.COM 11450 SPROWLES ST. DALLAS, TX 75229 972.590.8689

most recognizable classic cars that the world has ever seen. Sold in the United States between 1950 and 1979, this wildly popular machine was an icon in the counterculture movement of the 1960's and 1970's, and remains today one of the most exciting imported cars from that era. This specific German-spec Beetle is a partial dune buggy conversion that has been extensively restored and modified from bumper to bumper. From the roof rack full of accessories to the dual-exit aftermarket exhaust sticking out of the back end, every feature about this car makes it almost entirely unique. The 1500cc engine was restored and rebuilt to make this car extremely fun to drive, and almost every panel of the car has been cosmetically enhanced to go along with it. And with aftermarket 15" alloy wheels, Airlift performance suspension with an AirMaxxx compressor, and a disc brake conversion, there's no doubt that this car will make for an excellent show car on or weekend cruiser. Inside, the car has been retrofitted with comfortable leather seats and paneling, a JVC radio with Bluetooth capabilities, and a full DB Drive speaker system to truly maximize the occupant experience, although it most definitely still drives like the 1960's Beetle that it is.
