We are proud to offer you this 2014 Mitsubishi Lancer Evolution MR Big Turbo with Many Upgrades for sale!

The Mitsubishi Lancer Evolution is a JDM hero that rarely makes an appearance on the market, but when an example does, it always goes quickly. This specific Evolution, the tenth generation, is no different from other Evolutions in that respect, but the similarities end there.

Modified from bumper to bumper, this one-of-a-kind Mitsubishi has been maintained in pristine condition and upgraded to be a top-tier performance build. The 2.0-liter turbocharged four-cylinder engine that powers this all-wheel drive beast has been completely overhauled and modified to a race performance-spec. From the MAPerformance big turbo kit to the numerous small changes that have been made to support the boost being pushed through the engine, there's no doubt that this car is capable of ruining tires faster than most genuine race cars.

To us, what's outside the car is just as important as what's inside it, and this unreal Mitsubishi Evolution MR has absolutely no shortage of exterior modifications to highlight. Lowered on coilover suspension and fitted with 18" Enkei RPF1 alloy wheels, this car looks primed and ready to hit the track, and the quad-exit Cobb exhaust system only adds to that sensation with the sound output it unleashes onto the world. Inside, this car is well equipped with a Rockford Fosgate infotainment system, as well as Rockford Fosgate speakers, leather Recaro bucket seats, and pillar-mounted boost and air-fuel ratio gauges

that make this car feel even more like a performance beast.

LIST OF FEATURES & UPGRADES:

- Turbocharged 2.0-Liter I4
- 6-Speed Automatic with Paddle Shifters
- MAPerformance Big Turbo Kit
- MAPerformance Exhaust Manifold
- MAPerformance Air-Oil Separator
