We are proud to offer you this 2010 Ford Mustang GT with Upgrades for sale!

Mustang GT with upgrades for sale.

This pristine Mustang GT Premium is a perfect example of high-performance American excellence. Powered by a 4.6-liter V8 engine with an aftermarket performance exhaust system, this muscle car makes 315 horsepower and 325 lb-ft of torque, all of which amounts to an absolutely thrilling experience behind the wheel. Additionally, this American beast comes equipped with a five-speed manual transmission, giving the driver the opportunity to use every bit of the tachometer up to the redline. And, with the aftermarket exhaust unleashing engine noise at ridiculous levels, there's no mistaking this car for anything other than a modern, high-performance American muscle car.

To us, what's outside the hood is just as important as what's underneath it, and this sharp Mustang is no exception to that rule.

The 2010 year model has an aggressively-stanced profile that looks better and faster than any other Mustang before it, and this generation had a particular appeal to it that makes it leaps and bounds more exciting than its predecessor. Painted in a shadowy black and fitted with aftermarket 18" American Racing Special Edition wheels, the thoroughbred American muscle car is designed to attract attention and look good from any angle. The platform of the car itself sits low on performance-tuned suspension, and inside, this Ford is extremely well-equipped with leather sport seats, backlit instrumentation and gauges, and a premium audio system with phone connectivity. In short, this car is extremely fun, extremely versatile, and extremely capable.

**LIST OF FEATURES & UPGRADES:**

4.6-Liter V8 Engine

5-Speed Manual Transmission

Aftermarket Dual-Exit Performance Exhaust

18" American Racing Special Edition Wheels

Ford Performance Suspension
