World Class Motorcars of St Louis MO is offering a rare opportunity if you're in the Market for a Snowplow/Salt & Liquid spreader that is in remarkable condition. This one owner truck was owned by a local Municipality and has been used on their streets as recently as 2/21. The truck has only 45k miles. The truck is a 2007 International 7400 series dump truck with a DT466 engine and an Allison 5 speed automatic transmission. The cab is equipped with air conditioning, cruise control, amfm stereo and a full console control panel for all plow, spreader applications. The truck is equipped with air brakes. The salt spreader and associated liquid system are made by Henderson. The 10' plow operates up and down as well as side to side.

### CONDITION

This truck is in great condition. Municipalities are known for maintaining equipment to the fullest extent and this truck is no exception.

Privately owned equipment may or may not be maintained as when usage is low no revenue is generated and thus no money spent Not the case here, City trucks are kept in tip top shape and I was told personally by the crew that used it that this truck is in perfect working condition, Hydraulic systems all work as does the air system. The plow turns and lifts on command.

Engine runs smooth and runs cool and the Allison transmission shifts smoothly Tires are deep in tread and have long life left in them If you need a truck that is ready to work, this is the one
