## Mustang GT Premium for sale!

This pristine Mustang GT Premium is a perfect example of high-performance American excellence. Powered by a 300 horsepower 4.6-liter V8 engine fitted with an aftermarket Spectre cold-air intake, this muscle car offers the perfect balance between raw performance and manageable control. This American beast comes equipped with a five-speed manual transmission, giving the driver the opportunity to hit every tick on the tachometer up to the redline. An aftermarket dual-exit Magnaflow exhaust converts all the power being produced in the engine bay into a perfect rumbling exhaust note, and the meticulous maintenance on such a low-mile vehicle means that this muscle car is ready to perform at a maximum.

To us, what's outside the hood is just as important as what's underneath it, and this sleek Mustang is no exception to that rule. The 2009 year model has an aggressively-stanced profile that pays homage to the first generations of Mustangs while maintaining a modern style.

Painted in a menacing black and fitted with aftermarket 18" American Racing alloy wheels, this thoroughbred American muscle car is designed to attract attention and look good from any angle. And, to build on the attractiveness of the car, this Mustang has been modified with an aftermarket carbon fiber front lip, a Ford Performance spoiler, and yellow-tinted fog lights that complete the awesome image of this Mustang. The platform of the car itself sits low on aftermarket coilover suspension, and inside, this Ford is extremely well-equipped with leather sport seats, a Shaker sound system, and leather interior paneling.
