We are proud to offer you this LOW MILEAGE RARE 10th Anniversary 2003 Ford Mustang

## SVT Cobra for sale!

This Ford Mustang SVT Cobra 10th Anniversary is a beautifully-preserved time capsule of early aughts American performance. With an SVT-supercharged 4.6-liter V8 engine under the hood that produces 390 horsepower and 390 lb-ft of torque, this car is one of the first cars to come from the factory with modern performance upgrades under the hood. The power that is produced from this monstrous engine is sent through a six-speed manual transmission with a Hurst short-throw shifter to the rear wheels, offering drivers the opportunity to experience what a true muscle car can deliver. With the addition of a few modifications, however, including aftermarket long-tube headers, an aftermarket cold-air intake, and an aftermarket dual-exit Steeda exhaust, this performance machine is taken to an entirely new level in both performance and sound output.

To us, what's outside the engine bay is just as important as what's inside it, and this raw SVT Cobra is in no way an exception. Sitting low on SVT suspension and fitted with special 10th anniversary "Dark Argent" alloy wheels, this aggressive muscle car is finished in a deep black color that makes this car have an imposing presence and adds to the aggressiveness of this machine. What this Mustang also offers, however, is versatility. The power under the hood and extensive suspension tuning by SVT ensures that this car is a performance machine, but the soft convertible top also enables this car to offer its occupants the ability to enjoy a top-down cruising environment in its 10th anniversary red leather-paneled seats that few muscle cars can offer today. There's no car on the market today like this one, and with only 13,000 miles on the odometer, there's no doubt that this Cobra is in every way worthy of the 10th anniversary badges that indicate just how special it is.

### [LIST OF FEATURES & UPGRADES:](#)
