We are proud to offer you this 2015 Ford

we are proud to offer you this 2015 Ford Mustang GT Premium with Many Upgrades for sale!

This modified Mustang GT is an aggressive example of high-performance American muscle. Powered by a 5.0-liter V8 engine that produces 435 horsepower and 400 lb-ft of torque, this hard-charging muscle car is an absolutely brilliant car to drive, and this specific example is made even more so by the addition of a JLT cold-air intake and an aftermarket dual-tip exhaust system that produces one of the most violent and attention-getting exhaust notes that any V8-powered muscle car can unleash. This power is pushed through a six-speed automatic transmission, which enables the driver to accelerate and shift at a much quicker pace than a manual transmission would allow and makes the car incredibly comfortable to drive for casual day-to-day drives.

To us, what's outside the hood is just as important as what's underneath it, and this sleek Mustang is no exception to that rule. The 2015 year model is the first year of the current generation of Ford's iconic pony car, and every inch of the aggressively-stanced profile looks better and faster than ever before. Painted in a shining Oxford White and fitted with bronze 20" Niche alloy wheels that contrast beautifully with the color of the car, this attention-getting muscle car has the looks to match the performance that is associated with the Mustang name. And, because it's equipped with the "Premium" package, it offers the amenities that should come with a high-end muscle car, including leather bucket seats with heating and

heating and ventilation, an infotainment display with navigation, a rear camera, and Bluetooth, and a high-quality sound system.

LIST OF FEATURES & UPGRADES:
