Vehicle Description

Painted in rare bryar blue (1 of only 1,617) which is a beautiful blue/green metallic. The car was repainted in this factory color in 1990 and has held up pretty well with only a few minor issues (see photos) after 31 years. The interior is still the factory blue but in 1990 during the refurbishment the owner chose to go with blue leather seat covers instead of the factory delivered blue vinyl covers.

The engine is a matching numbers 350 with a Turbo 400 automatic transmission. The engine runs great and the transmission shifts well. Approx. 300 miles ago the car was pulled out of storage and went to the repair shop for servicing as described in the invoices in the photos.

The car runs, drives and stops well. Very tight and solid. Clean California title.
