WOW! We are so excited to get this extremely rare 2 door Tahoe! This truck is in amazing shape inside and out. Clearly someone has taken an unbelievable amount of time caring for - and restoring - this one of a kind American classic. Why they ever stopped making these is beyond me but one thing is for sure - when you find one (especially this nice) the time to buy it is RIGHT THEN. Not only do they never seem to depreciate in value; it actually seems that they GO UP each and every year. An incredible vehicle - an amazing opportunity.

AS FOR FINANCING: When you come to purchase this vehicle please make sure to have your funding already in place. It would be very difficult to finance a vehicle of this age.

Schneck Motor Company is a Wholesale/Retail store. Most of our inventory comes from High-line franchise store trade-in's. Our website gets traffic from both dealers and retail customers, the prices are the same! If you follow our website, you will get to browse the latest inventory immediately, the other advertising sites usually get them 24 hours later. Many of our cars sell within the first day to dealers and regular customers who check our site daily. We price our cars modestly and are almost always under the market value, unless the unit has crazy-awesome extra equipment. When visiting our store, you will find out why we have been called "The best kept secret in Plano, Texas".

COME FIND US! It will definitely be worth the trip.
