Riding the Super Duke R can be a remarkable experience. At relatively low rpm levels, and light throttle application, it is a docile, reasonably comfortable machine that can be enjoyed by riders of just about every skill level

1290 Super Duke R is powered by a 1,301cc, 75-degree V-twin that's rated at 180 horsepower and 106 lb-ft of torque at the crank. It incorporates some of the innovations found on the cutting-edge 1190 Adventure, such as throttle-by-wire, riding modes, lean angle-sensitive traction control and multi-mode ABS. The Sport, Street and Rain riding modes adjust engine output, throttle response and traction control, and ABS can be set to On, Off or Supermoto, which allows the rear wheel to be locked up.

We specialize in pre-owned motorcycle sales including Honda, Kawasaki, Suzuki, Yamaha, Harley Davidson, BMW KTM and Ducati. Whether you are looking for a cruiser or a sport bike, you can find it here.
