We are proud to offer you this one of a kind 2015 Lamborghini Huracan LP 610-4 with Many

Upgrades for sale!

This 2015 Lamborghini Huracan is a modern legend that needs little, if any, introduction. Powered by a 5.2-liter V10 engine that produces 602 horsepower and 412 lb-ft of torque, this Italian supercar is a rocket ship just waiting for its time to be launched. The power in the middle of the car is controlled by the driver via a seven-speed automatic transmission and delivered to all four wheels for some of the most incredible factory driving qualities of any car in production today.

With the addition of a DME tune and an aftermarket quad-tip, high-flow exhaust system that produces an earth-shattering noise, this wildly fast car is made even faster.

To us, the exterior of the car is just as important as what makes it perform in the way it does, and this exquisite Lamborghini is no exception. The exterior has been wrapped in a brilliant electric blue, and the addition of 20" Ferrada F8 alloy wheels makes the color pop even further. The car has also been fitted with a carbon fiber wing, a carbon fiber diffuser, a vented and louvred carbon fiber hatch, carbon fiber side skirts, and a carbon fiber front lip.

Between all of these upgrades, this car looks extremely menacing, which is a perfectly appropriate image for a car of this caliber to have. In the interior, the same trend of aggressiveness is continued in the stitched leather bucket seats, alcantara interior panels, carbon fiber interior trim, and the leather steering wheel with selectable drive modes on it.

[LIST OF FEATURES & UPGRADES:](#)
