Mileage:	127,000
Drivetrain:	Rear Wheel Drive
Economy:	City 19 / Highway 28

Vehicle Description

Supercharged Z06! Machine silver metallic exterior with black leather interior. This Corvette came from the factory with 405 hp but now puts out much more after a major engine rebuild and added supercharger in 2015. The clutch was replaced as well as other components on the car at that time. The repairs came out to \$23,843 (see receipt below). Only approx. 3,700 miles have been put on the car since the build.

The car runs, drives and sounds excellent. Clean California title in hand. Cold A/C. Borla exhaust. Much cheaper than doing it yourself.

Installed Options	Option Packages
