We are proud to offer you this 2010 Nissan GT-R Premium with Many Upgrades for sale!

This 2010 Nissan GT-R Premium is the redesigned and entirely updated successor of the Japanese automaker's highly successful Skyline line of sports cars. Powered by a twin-turbocharged 3.8-liter V6 engine that makes 480 horsepower and 430 torques, this import is the quintessential sports car for all types of roads. The handbuilt engine is mated to a six-speed dual clutch automatic transmission with paddle shifters that provide some of the fastest shifts any car has ever been able to achieve, and the all-wheel drive platform that delivers the power to the road gives the car the capability to reach sixty miles per hour from a standstill in 2.9 seconds. . .stock. With the addition of a Cobb SF cold-air intake system and an aftermarket quad-tip exhaust, this sweet machine produces an incredible noise to match the power under the hood.

To us, what's beyond what makes the car function is just as important as what's under the hood, and this sweet Nissan GT-R is no exception to this rule. This sporty import is fitted with 20" Vertini alloy wheels and wrapped in an absolutely brilliant yellow, a color that is both attention-getting and incredibly exciting to look at. With the addition of carbon fiber appearance panels and pseudo-forged-carbon skirts, diffuser, and front lip, this aggressive car is taken to an entirely new level. The inside is no different, where you'll find yourself surrounded by a race-inspired interior complete with leather bucket seats, a full Bose audio system with a seat-mounted subwoofer, and a highly advanced infotainment system, which not only

has the expected Bluetooth, navigation, and rear camera, but a variety of gauges to measure every aspect of the vehicle's performance and systems at work.

**LIST OF FEATURES & UPGRADES:**
