We are proud to offer you this 1970 Chevrolet Corvette for sale!

This 1970 Chevrolet Corvette is a member of the third generation of

the most iconic American sports car, and this specific example is a pristine example that looks stunning from every angle. Under the hood resides a 350-ci V8 engine that produces 300 horsepower and 380 lb-ft. of torque, making this Corvette a truly authentic piece of American performance. This engine works in tandem with a Chevrolet turbo-hydramatic automatic transmission that delivers smooth shifts at all times. And, with a rear-wheel drive system for power delivery, the Corvette is truly the definition of a classic sports car. Better still, the twin-tip exhaust system produces the engine noise of a fully authentic American classic. In other words, there's hardly a better sound on the planet.

To us, what's outside the car is just as important as what's inside it, and this iconic Corvette is no exception. The striking sports car has been designed from the ground up to blend aerodynamics and style, and there's no doubt, looking at this car, that this Corvette accomplishes that goal perfectly. This specific Corvette has been painted in a bright Ontario Orange, and it comes equipped with a set of chrome 15" wheels that stand out perfectly against the orange finish. With its instantly-recognizable silhouette, this coupe is a vision of what can only be considered to be a masterpiece of an American icon.
