We completed an inspection on this RV and the following shows the results of our findings:
Text 864-245-0730 to text or call the store 864 845 1484.

There are 2 roof AC units that work.

The LP system works, Furnace Heat, Water Heater and Stove top function.

The microwave turns on, although we did not cook anything in it.

The water system works.

The fridge works.

The tires have 2016 date codes.

My daughter just camped in this trailer 5 nights with no issues.

If you do not see it, or I do not show it functioning or it is not listed in this description, then I did NOT check it, it is missing or similar.

No gen included in this auction.

We have an Onan 5500 gas generator that we can install with transfer switch included for an additional \$2k.

No keys, a new door handle with keys can be purchased on Amazon for around \$50.

The only items checked are listed or shown in photos.

The 50 amp power cord is missing, we used one of our cords to check it out. The carpet really needs to be replaced as well as the mattress in the upper bunk inside, as you can see in the photos, it is stained, the roof vent above was missing when we purchased at auction.

The LP tanks were missing so we used one of our tanks to check the LP system.
