It's is a Super Nice used truck. You won't find a cleaner used truck regardless of age then this one. This truck shows an accident on Car Fax. He ran into his truck with a golf cart and dented the right rear of the truck. It's been repaired and they did an excellent job. Look at all of these pictures and see what you think about it. What's so good about this truck is that it run's and drives like it looks. The cloth interior looks like brand new and has no tears or even wear spots anywhere. The carpet looks new because he has had the mats in it all the while he owned it. The exterior is just as nice and the paint shines like new. The bed has that bed cover on top and a spray in bed liner as

cover on top and a spray in bed liner as well. There is a towing package which adds a heavy duty radiator and transmission cooler and heavier suspension. There is also an aftermarket radio Sony with a large screen with a back up camera. To top it off it has a matching set of tires on it that have about 90 percent tread wear remaining. I could go on and on about how nice it is but you really need to look at and drive this truck to appreciate it. Should you want to take me up on that give me a call or text to 214-542-7794 and Rocky Reynolds will be happy to set up a good time for you to come in to check it out. We have had this truck through the shop to check for any mechanical or electrical issues and it came back with a clean bill of health.
