Model/Trim:	Ninja ES 300 ABS
Condition:	Pre-Owned
Engine:	0 cc
Exterior:	Red
Mileage:	2,030

Description from the owner:

"2016 Kawasaki Ninja EX 300 ABS

Only 2030 miles so far and looks new.

We bought this Ninja 300 for my wife as a starter bike. She graduated from Honda Cub 70cc.

The seat padding has been modified to gain approx, 1 inch more leg room to make it easier to reach the ground.

Added adjustable ASV levers to make clutch and brake a custom fit for any size rider.

Also added rear view mirror extensions for increased rearward view.

Front tire was replaced because of a nail. Back tire is original.

Factory frame sliders added to protect bodywork.

1 inch ball mount on right bar for mobile phone or GPS.

This is an excellent starter bike but it's really a fun bike for any rider experience level.

It has ABS so no skidding under braking and stops smooth.

I'm 5' 10" 175 pounds and fit pretty well on it. I even rode the Ninja from Boise, Idaho to Castro Valley, California

in one day. Some scuffs on the right side paint, mirror and muffler heat shield from a slow drop in a parking lot while practicing stops and starts. Buffed out for the most part but they are visible. No structural damage and never crashed. Great riding bike and a great value. Too many bikes in the garage so time to let someone else enjoy the ride."
