* Please note, if you are looking for financing, this is the wrong car for you. It is possible to finance if you have a top credit, but it's not easy. The car is old and it's a specialty M3

* Track car with over \$30K invested into the build! Pretty much everything done and done right! This is one of the easiest cars to drive fast - it will make even an average driver look like a rock star. This is one of our personal cars and if it doesn't sell for the amount we are looking to get, we will be more than happy to keep driving it. It is not cheap, but it is the right one. If you are seriously considering tracking, this is the easiest and cheapest way to get into it. Everything that needs to be done to make E36M reliable and precise has been done.
