## Vehicle Description

Original factory color combination was cameo white exterior with oxblood (burgundy) vinyl interior. Interior was changed over to black many years ago. Matching numbers 455 engine with automatic transmission (trans not original). Nicely optioned from the factory with power windows and locks, soft ray glass, air conditioning (converted to R134a), rear window defroster, tilt wheel, center console, and more. Looks great with the 18" Billet Specialties wheels.

The car was painted over 20 years ago but still shows well with a few minor flaws. Interior with custom trim group looks great. Engine and transmission work perfectly. The car runs and drives great. Sold new at Allison Pontiac in San Jose and has stayed in the Bay Area since new. Clean California title in-hand.
