We are proud to offer you this 1929 Street Legal Mercedes Benz Kit Car for sale!

This 1929 Gazelle kit car is a fantastic homage to a classic Mercedes-Benz. Powered by the same 1500cc air-cooled

inline-four-cylinder engine as the classic Volkswagen Beetle that has had a few modifications made to it, this classic kit car is a truly unique piece of machinery. Some of the upgrades to the engine, among others, include an aftermarket air filter, aftermarket headers, and a twin-tip exhaust that produces a fantastic noise. The result of this engine, and the manual transmission that delivers the power to the wheels, is a driving experience made of pure joy.

To us, what's outside the engine bay is just as important as what's inside it, and this elegant Mercedes kit car is no exception to this rule.

The exterior of this car has been shaped to replicate the lines and styling of the Mercedes-Benz Gazelle, which is further accented by the 14" wire-spoke wheels, convertible soft-top, and chrome exterior hardware. The interior is just as unique, coming equipped with leather bucket seats, a leather steering wheel, and AutoMeter Phantom gauges, among many other fantastic details.
