Vehicle Description

2018 Audi Q5 Premium Plus

Audi produced another incredible example of balance between luxury, practicality and fun. The tech features in this prestigious cabin are unmatched. Heated and cooled leather seats coupled with a heated steering wheel make for a cozy driver in any weather. A panoramic sunroof provides an atmosphere to the interior unimaginable if you've never driven with one. Onboard navigation is both convenient and easy to use. The second row is spacious given the overall size of the vehicle, and comfortable in its own right. The turbocharged 4cyl has 252HP and it uses every ounce of it. You will never be underwhelmed with the available power, this Q5 is quick. Multiple driving modes can prepare the suspension and engine for a variety of conditions. Sport mode gives the driver a little more control by allowing you to operate the transmission manually, if for nothing other than a little fun. Schedule a time to see this exquisite vehicle in person.
