Vehicle Description

1 family owned! Originally turquoise/white with a matching interior. The current green over green combination was done by the original owner in 1968. Original 287 ci engine with automatic transmission. Stored in the original families garage from 1981 to 2019. Upon removing the car from the garage the original owners son took the car to Lafayette Motors to have it gone through to make it functional. After \$9,500 in repairs the car is functional. The brake system, fuel system and cooling system were gone through as well as new wide white tires.

The car was bought new at Monahan Pontiac in Hayward and stayed local since new. Original keys, owners manual and some original paperwork showing the car was bought Dec. 31, 1954. The only non-working items are the clock and the radio. The radio powers up but just buzzes. All lights work as they should. Clean California title in-hand. 89k miles are believed to be original.

Please call for business hours and vehicle availability as not all consignment vehicles are on-site.
