| Interior: | Brown Leather |
| Mileage: | 115,847 |
| Drivetrain: | 4 Wheel Drive |

2012 Dodge Ram 2500 Laramie Longhorn Mega Cab

Here is a compromise for everyone: a full size rear seat with additional cargo space, thanks to the mega cab and a 6'4" bed, big enough to hold an ATV with the tailgate closed. This Ram is seriously huge, and it comes with all the power you need to make good use of it. Being a Laramie Longhorn, it also comes absolutely loaded with tech features. Paying homage to the name longhorn, the seats are a soft brown leather reminiscent of a saddle. The seatback pockets in the backseat close with a clasp, adding to the American Western atmosphere. The driver and passenger will enjoy heated and cooled seats, along with a heated steering wheel. Dodge didn't forget family in the backseat though, where they included a drop-down DVD player. A power rear window and sunroof only add to the preferential features at your disposal.

Under the hood is a 5.7L Hemi cranking out 383HP and 400lb-ft of torque. With that much power you can tow 10,000lbs and wield a payload capacity of 2,000lbs. 35" Hankook Dynapro ATs on 18" XD Series wheels add an aggressive dynamic to the 6" lift and Rough Country shocks. The Mega Cab Longhorn Laramie is a rare combination; couple that with these aftermarket additions and you have a unique vehicle that stands out on the road. With the towing capacity for a serious camper and plenty of room and entertainment for the whole family in the cab, this is a perfect addition to a family that loves to get out. Come see how everything comes together into one special truck and take it for a ride.
