| Economy:      | City 15 / Highway 18      |

Additional pictures are posted on I-95 Muscle's direct website.

Clifford, Big Red, Rojo Grande, Rotes Ungeheuer? Many names could be given to this GIANT Flame Red Jeep Wrangler that sees fitting. It's UP THERE with the biggest long arm Fabtech lift kit and 38x15.50 Nitto Mud Grapplers on 15" true bead lock wheels. Warn bumpers protect the body front and rear with a Warn Winch up front and a swing out full size spare carrier on the back. The 4.0L I6 is one of the toughest motors of all time and pushes this rig around with no problem thanks to an automatic transmission and properly geared axles. It flexes quite a bit and still manages to track straight and ride smooth down the highway. I guess that's why Fabtech charges the big bucks! It has tan leather seats front and rear and under 133k miles on the dash. Walking around this TJ you'd never guess it though, as it looks more like a 20k mile Jeep from all angles. A functional snorkel has an opening about 8 feet off the ground, so you shouldn't have to worry about getting any water in your intake... ever. Financing is easy and trades are welcome, so call, click, or come by before someone else does!
