Engine:	0 cc
Exterior:	Orange
Mileage:	0
Hours:	0

FA SERIES FINISHING MOWERS

An even cut, every time.

The FA Series Finishing Mower Series Features A Tapered, Sloped Discharge Area To Provided Even Distribution Of Cut Material Across The Width Of The Mower. This allows for less clumping and windrowing than similar mowers that use chain guards or rubber deflectors. In addition, built-in baffles help control the air and material flow through the cutting chamber, assuring an even cut and even material distribution across the width of the mower.

Over-the-deck axle design provides outstanding structural integrity and easy access to conventional height adjustments. Durable ABS molded safety shields are standard to provide safe operation for years to come and easy access to lube points.
