Condition:	Pre-Owned
Body:	Pickup Truck
Exterior:	Black
Engine:	Engine: 5.0L V8 Turbo Diesel
Interior:	Black Vinyl
Mileage:	41,242
Drivetrain:	4 Wheel Drive

Vehicle Description

2016 Nissan Titan XD Pro-4X

Here is your chance to own the truck built by the "Diesel Brothers" Heavy D and Diesel Dave for their hit Discovery Channel TV show, Diesel Brothers. This rig will not be here long, especially in this used truck market.

They started with a 2016 Nissan Titan XD Pro-4X, the first model to have the Cummins turbo diesel. A six inch Calmini lift kit with adjustable tubular control arms gives the stance a boost while fabricating enough room for the 37" Milestar Patagonia M/Ts on 20" SOTA Off Road wheels. They also provided assist steps given the size of their lift, coupled with the tires. A widebody kit enhances the silhouette, with wider fenders and bedsides that cover the width of the tires. The custom bumpers were fabricated by Fusion Bumpers and the front houses a HD winch.

On top, an M-Racks Stealth series roof rack supports a 50" 8-light KC Lights Bar and also has 8 LEDs on each side. An RKSport Ram Air hood assists with the speed and pressure of air intake which can give a performance boost at speed.

The Titan drives well and sounds spectacular. The turbo winds up quickly and the truck will move on command. Come take this piece of television and automotive history for a spin and see how much there is to love about this monstrosity.
