## Vehicle Description

### Need handicap Vehicle?

Then check out this super nice, very low miles Chevrolet Suburban LTZ fitted with a very hard to find and highly desirable GoShiChi conversion. (at a cost of \$40,000). As you can see the side is made to power out then the seat lowers to the ground for easy access, the seat can also be removed to allow for the wheelchair or scooter to take it's place, it then powers back placing the occupant in the passenger side. This is perfect for carrying your loved one on a long road trip while also being accompanied by the whole family, with plenty of space in the back for luggage, toys etc., all this while pulling a trailer too if desired. There are no mechanical or electrical issues or problems, everything works and operates just as designed to. The trizone climate control is both ice cold or hot heat. Just as you would expect of such a low miles Chevrolet. The White diamond tricoat all original factory paint has a showroom shine, no dents or damage, the Cashmere leather interior is absolutely flawless.
