Take a good look at this one. If you're in the market for a Denali and want a super nice one, then you should come take a look at this one. It's one of the nicest that we have had in a while. It has a new set of Good Year tires on it and all of the available options that you can order on one. Heads up display, DVD, power running boards, heated and cooled seats both front and rear, power folding rear seats, AWD, and tons more. The exterior paint shines like a new one and the leather interior looks like new as well. It has had rubber molded mats in it since it was new, so the carpeting looks like new. Get behind the wheel and drive this SUV and you will think that you are driving a new car. This Denali runs down the road excellent and no wind noise or rattling sounds anywhere in this vehicle. It has a clean Car Fax history and it's been in Texas all its life. I speak very highly of this vehicle because it deserves it. If you should have any interest in buying a full-size SUV but don't want to spend your life savings on one then you might want to at least come in and check this one out. We are a family owned and operated business in Texas since 1959 and have an excellent rating on all of our sites. If you would like to make an appointment you can do so by either calling or texting to Rocky Reynolds any time at 214-542-7794 and he will be happy to help find a good time for you to come in. We are open Mon-Sat. We look forward to hearing from you.
