Vehicle Description

What can I say? These 2021 Tahoe High Country are very limited as you probably well know. We were able to get this one that was traded for a new Lexus SUV. This version is the top to the line Tahoe so it is loaded up with equipment. It is still under the factory Warranty so no worries there. There is not much to tell you about it other than it is a Texas vehicle with a clean car fax history. No bumps or bruises. It runs and drives like a dream is about all I can tell you. If you're interested, please give us call or text to arrange for a good time for you to come in and check it out. We are a family owned and operated business in Texas since 1959 and will let you look at, drive it and not hassle you at all. We will accommodate you with the paperwork if you want to buy it. We aren't trying to sell you anything, but we will give you the opportunity to buy. We have operated that way for over 40 years, and it has served us well. We would appreciate the opportunity to earn your business.
