A liquid-cooled 60° V-twin engine ready to breathe a little fire onto the street where you live. A fat rear tire and styling details that scream American muscle.

These long and low works of art are the most radical edge of the Harley-Davidson® line-up. A muscular mix of drag strip performance and menacing street looks. Explosive, off-the-line power coupled with cutting-edge technology. The V-Rod® family's liquid-cooled 1250cc V-Twin Revolution® engine, Brembo® performance brakes, a slipper clutch and hidden ABS adds a layer of smooth precision.

Whether you're aiming for the quarter mile mark or a fast road out of town, you can kick back into an easy riding posture for the ultimate power cruise.
