OFF HWY CARS

OFF HWY CARS are vehicles that have been driven on off-highway terrain, such as dirt roads, trails, or construction sites. These vehicles are typically used for off-road recreation or commercial purposes. They may have modifications such as lift kits, larger tires, and heavy-duty suspension components. Off-highway vehicles are not designed for use on public roads and may not meet the same safety standards as on-road vehicles. They are typically sold as-is and are not eligible for warranty coverage. Buyers should exercise caution when purchasing off-highway vehicles and ensure they are properly maintained and used only for their intended purpose.

Our Price **\$990**

Specifications:
