We are proud to offer you this 2003 Ford F-150 SVT Lightning Whipple Supercharged

150 SVT Lightning Whipple
Supercharger 700hp for sale!

This 2003 Ford F-150 SVT Lightning is a meticulously-maintained example of one of the most exciting trucks that Ford has ever made. Under the hood, a Whipple-supercharged 5.4-liter V8 with only ~30,000 miles produces about 700 horsepower, giving this truck an unparalleled amount of output for a Ford Lightning. The supercharger is aided by the addition of a 3.500-8 pulley, a JLT catch can, Kooks long-tube headers, and a twin-tip aftermarket exhaust system, among other modifications. Painted in a deep Sonic Blue Metallic and fitted with 18" SVT alloy wheels, this truck is in pristine condition and gives little indication of the unique performance under the hood. In the interior, this Lightning has been fitted with a series of AutoMeter gauges on the A-pillar, as well as an aftermarket infotainment with Bluetooth, AM/FM radio, and phone connectivity. Altogether, this is a truly one-of-a-kind performance truck.
