Just arrived. This 2018 Pro Master Van is in very good condition, and it has a clean car fax history. It is a rental return so it has been service on a regular basis. It has a very good set of tires on it all the way around. All of the power options work like they were designed to. It has tilt wheel, cruise control, power window and door locks and a back up camera. If your interested we have financing available for this van as well. It is getting very hard to find financing for commercial vehicles these days with we can get it done. Should you have any questions or would like to make an appointment please give Rocky Reynolds a call or text to 214-542-7794 and he will help you in any way he can. We are a family owned and operated business in Texas since 1959. There's a reason for us being in business this long. Come visit us and you will see why.
