We are proud to offer you this 2014 Nissan Juke NISMO RS With Upgrades for sale!

This 2014 Nissan Juke Nismo RS is a heavily

THIS 2014 NISSAN JUKE NISMO RS IS A HEAVILY modified performance crossover like nothing else on the market. Under the hood is a turbocharged 1.6-liter I4 engine that produces 215 horsepower and 210 lb-ft. of torque, all of which is sent through a six-speed manual transmission to the front wheels. The engine has been modified with several 2J Racing performance parts, an Injen cold-air intake and much more, helping this crossover produce incredible power and become so much more fun to drive. Fitted with 18" Nissan wheels and painted in a mesmerizing black, this small SUV is something of a sleeper build, although there are plenty of cosmetic hints that suggest the amount of power under the hood, including the Nismo bodykit and the hatch-mounted spoiler. In the interior, this Juke has been equipped with cloth Recaro bucket seats with leather bolsters, AEM boost and air/fuel ratio gauges, and an infotainment with Bluetooth, navigation, and a rear camera.
