Vehicle Description

2001 Ford Mustang GT Roush Stage 3 Rally Edition

Roush is well known for their championship-winning racecars... so who better to build a supercharged Ford 4.6L SOHC with an intercooler to create 360 horsepower and 375lb-ft of torque? And it doesn't stop there. This is a Roush Stage 3 Rally edition, the most horsepower offered by any Roush package in 2001 with a 5-speed manual.

The current owner has over a decade of ownership, has kept this Mustang parked inside it's body and undercarriage are as clean as the CarFax. Purchased in Meadville, PA and most recently housed in Ripley, NY it is easy to see why it only has 9,000 miles.

It features a Roush Stage 3 Fuel System, suspension (Roush front & rear springs, shocks, sway bars, and lower control arms). Roush adds 4-piston front disc brakes with 13" rotors and 18" chrome wheels.

Inside the cabin is a custom instrument panel and billet aluminum pedals, Roush floor mats and a sport leather seating system. For entertainment you have a 6-CD changer system.
