This floorplan was only available in 2009 according to NADA.com, however the title is a 2008.

[www.cheaprvs.net](http://www.cheaprvs.net) website  
has more photos,

side view cameras.

We completed an  
inspection on this RV  
and the following shows  
the results of our  
findings:

Text 864 245 0730.

The engine runs good.

The transmission shifts  
good.

The engine or dash AC  
seems to work.

This motorhome was  
just driven approx 500  
miles with no issues.

There are 3 roof top AC

units that turn on and function. However the front AC does not blow cold.

The water system works.

It has 2016 date code tires.

The microwave turns on, although we did not cook anything in it.

2 QTY fridge works.

A few of the lights do not work as you can see in the photos, most of the time, the bulbs are bad.

Most of these older motorhomes really need the oil, oil filter, fuel filter changed on both the engine and the generator.

The jacks do not work

and we did not check

and we did not check any further.

The carpet looks good for the age.

The Onan

Diesel generator runs and produces power.

The main awnings are electric, the front awning functions proper, the rear does not, it seems that the switch for the awning is stuck, so most likely replace that switch and the rear awning will function as well.

The rear entry door, originally has a step to attach and the step was stores under the floor below the door. The step is missing. The floor under the rear door, at the door frame

door, at the door frame is a little soft. If you look in the storage area for that step you can see the wood. Should be a easy repair.

The front paint is messed up. It originally had that 3M clear bra and over time it has cracked and someone has painted over and it looks decent but you can still see the cracks.

The ice maker in the rear kitchen was stolen, after the photos were taking.

We did NOT check anything else.

If you do not see it, or I do not show it functioning or it is not listed in this description,

the I did NOT check it, it is missing or similar. The only items checked are listed or shown in photos.

This RV is older and a little dirty and it could use a good cleaning, it is 14 years old and used. I tried to take a lot of photos so you can tell.

For the buy it now price of \$89999 we will include the following, but any other price the following is

NOT included:

oil, oil filter and fuel filter change on both the engine and generator

Wiper replacement

Full tank of Diesel and LP.

6 new tires

Repair generator

Repair awning.
