This 1991 Ford F-150 is still running strong with it's bulletproof 4.9L engine and 5 speed manual transmission. The body is in good condition with some rust starting to show on the bottom of the tailgate. The air conditioning still works along with all of the electronics and gauges. It would make for a great truck to modify into a show truck, or just drive around and keep original. Financing is easy and trades are welcome, so call or come by today!
